[linkedin.com/in/vansayvivanh](https://www.linkedin.com/in/vansayvivanh)

Designer // Asian American // LGBT+ Advocate

A North American designer residing in Sheffield, Vansay (Von) has been doing design for over ten years internationally. The majority of his experience comes from startups. He's also won the Startup Weekend Sheffield events in 2018 and 2019. Von advocates for inclusive design and making products more accessible.

Recent Roles

Product Designer // Tutorful Oct 2019 - Current

Product & Design Member // D & I Incubator Rep
// Design Mentor // DesignOps

Work closely with the squad lead dev and product manager to fulfil sprint task while supporting internal design needs. Help established design workflows, design systems, and component libraries for both our web and app platform. Observe current trends, listen to user interviews, and perform competitor analysis on industry leads. Iterate, validate, and produce solutions that are desirable, feasible, and viable.

UI/UX Designer // r2c Online Jun 2019 - Oct 2019

Product Member // Steering Group

Work with the steering group to identify problems and opportunities within the app platform. Produce and present wireframes of low or high-fidelity designs for the product team and internal stakeholders. Involved in customer research sessions.

UI/UX Designer // Meetupcall Dec 2016 - May 2019

Startup // Sole Designer

Establish and produce a constant design language for all output, including user interface and application design, and websites in-line with the brand.
